

LA LETTRE COLLECTION

SEMI-CUSTOM INVITATION GUIDE

COLLECTION GUIDE

HOW IT WORKS!

Our Semi Custom collection, the La Lettre Collection, contains a number of invitation suites with a true La Lettre signature style that you can purchase online and customize to your wishes and style. Perfect for the couples who love the style of La Lettre and would like to work with me one-on-one on your luxury quality invitations, but without the premium price tag of a full-custom design!

All of these suites can be personalized with the calligraphy style and printing color you like, different monogram and artwork options, and a curated selection of premium paper and envelopes in beautiful colors to make sure the invitation of your choice is right for you and your wedding style.

Follow the La Lettre Collection Guide to choose from the possible paper and envelope types and colours, the printing options and colors and the calligraphy style.

THE PROCESS

I CHOOSE YOUR FAVORITE DESIGN

You have received a sample kit from me that you can use when making your choice.

Choose the design and embellish such as silk ribbons, addressing, wax seals, etc. Please indicate the required number. You need 1 invitation per household/address, take 5% to 10% extra to be sure.

II CONFIRMATION

Once I have received your order, I will contact you by email within 48 hours to confirm and receive all necessary information from you. In this e-mail I will ask you for your choices regarding the paper, the (printing) colors, the style of the calligraphy and any extras and I will ask you to send the texts to me. Think of your names, locations and the other texts per card. Based on your information, I will send you the final invoice.

III DESIGN AND DIGITAL PROOF

After I have received all the complete information from you and the amount of the invoice has been paid, I will send you a "real-life" digital proof of your invitation within 5 to 10 working days. We offer 2 revision rounds for minor changes to text and calligraphy. A next round is possible against payment of € 75 per round. This process takes about two-three weeks.

IV PRODUCTION

Once you have approved the final design, the designs will be printed and prepared for shipment. Digital printing takes about 2 weeks, traditional printing about 3 weeks after approval. If you choose to have us take care of the 'stuff, stamp and seal', count on about 1 to 2 weeks extra. We will contact you as soon as your invitations are ready to ship!

CUSTOMIZATION OPTIONS

View the La Lettre invitation suites on the following pages.
We have put together these designs with care to inspire you. The designs are very customizable, we are happy to adapt the designs to your wishes. Mixing and matching between the different suites is therefore possible.
So if several details from the different suites appeal to you, we will gladly combine them into 1 design.

YOUR WEDDING STATIONERY

Decide what types of cards you need.
Bridal couples often opt for

- **Save the Date** + envelope
and/or
- **Invitation;**
main card and, extra information/details card + envelope
and/or
- **Day of stationery;**
menu cards, place cards, welcome sign, etc.

By choosing your favorite type of paper, printing colour, printing technique and envelope colour, your set will perfectly match your style. Need additional card types? We're happy to add them.

Would you like to personalize the invitation even more?
Then add extra embellishments like silk ribbons, wax seals, stamps, envelope liners, etc.

CALLIGRAPHY OPTIONS

Choose 1 of the 4 signature calligraphy styles for your invitation.
Each bit of calligraphy used in your invitation will be handwritten in your chosen style
and digitized to be printed into the design.

I MODERNE
